Business & Operations Analyst | ERP, Reporting & Process Improvement

Jeita, Lebanon | +961 76 813 116 | youssefkhoury01@gmail.com | [linkedin.com/in/youssefkhoury](https://www.linkedin.com/in/youssefkhoury) | youssefkh.github.io

PROFILE

Business and operations analyst with 2+ years of experience coordinating projects, documenting requirements, improving processes and building management reporting. Combines hands-on order-to-delivery work with Excel, Power BI, SQL and Microsoft Dynamics 365 Business Central.

CORE SKILLS

Analysis: requirements gathering, as-is/to-be mapping, root-cause analysis, user stories, UAT, RACI | **Data:** Excel dashboards, PivotTables, SQL Server, Power BI, KPI design, DAX fundamentals | **Operations:** purchase orders, supplier coordination, delivery follow-up, invoicing, payment reconciliation | **Systems:** Microsoft Dynamics 365 Business Central, Xero, Visio, Power Automate

PROFESSIONAL EXPERIENCE

Operations & Projects Lead | Alta Light

Apr 2025 - Present

- Run the order-to-delivery cycle for 40+ concurrent orders and projects worth \$1M+ across 20+ local and international suppliers, from quotation approval and purchase order through production, shipping, delivery, invoicing and payment follow-up.
- Mapped the as-is and to-be process, traced recurring delays to three root causes and documented requirements, user stories, acceptance criteria, KPI definitions and a RACI; management adopted 3 of 5 recommendations.
- Built the Excel dashboard used for weekly operations reviews and structured follow-up around risks, owners and next actions.

Financial Consultant | SNA

Jan 2024 - Jun 2024

- Conducted client needs assessments and managed policy documentation, underwriting submissions, claims follow-up, renewals and audit-ready client files.

Project Coordinator | Facilitate International

Apr 2023 - Dec 2023

- Coordinated 500+ construction, maintenance and residential service requests for USA- and Canada-based clients, tracking progress, issue resolution, quality standards and client updates.

PROJECTS

Selected Analytics & Business Analysis Portfolio

2026

- Order-to-Delivery Control Tower — 420-order model with eight governed KPIs, Excel/SQL analysis, supplier and delivery-risk views, and management actions.
- Receivables & Collections Command Center — 360-invoice aging, DSO proxy, promise coverage, customer risk scoring and prioritized cash-action queue.
- Supplier Procurement Performance — 300-PO analysis of spend, OTIF, fill rate, delay, price variance, defects and transparent supplier risk.
- Service Request Requirements & UAT — 24 requirements, traceability matrix, 30 UAT cases, RAID log and governed service-workflow KPIs.
